

Hibakusha (atomic bomb survivors) are coming to New York !!

Dear friends,

The tenth NPT Review Conference begins on August 1, 2022.

During the period of the Conference, we hold the A-bomb exhibition titled “Three Quarters of a Century After Hiroshima and Nagasaki: The Hibakusha—Brave Survivors Working for a Nuclear-Free World.” The exhibition is in the Visitors’ Lobby Gallery of the UN General Assembly building from August 5 to September 2.

Hibakusha delegates, who visit New York City to attend the Conference, join the opening ceremony of the exhibition on August 5.

If you are interested in looking at the exhibition and meeting with the Hibakusha and hearing their testimonies, please contact the organization below.
